MONTHLY REPORT

Contract

25X1

PAR 215

30 Sept 65

SUBJECT: Roller Transport Processor (24-Inch)

TASK/PROBLEM

1. Design and fabricate a self-threading photographic processor capable of processing cut sheets up to 24 inches wide; machine to be darkroom operated.

DISCUSSION

2. The Roller Transport Processor (24-Inch) has been installed and checked out at the customer's facility under PAR 238, Equipment Installation. Transport of sheet material from the processor to the ferrotyper is not satisfactory. This problem is currently under investigation.

3. An operation manual, which will also serve as the final report, is being prepared.

PLANNED ACTIVITY

4. Resolve sheet material transport problem.
5. Publish Operation Manual.
